

FOR IMMEDIATE RELEASE

April 1, 2022

## **Your Service Dog Inc Program Service Dog and North Dallas Man Go Missing After Leaving for a Walk.**

Diamond, a **black Labradoodle** trained by Your Service Dog Inc, went on a walk **Sunday, January 16th** with a man trusted by Diamond's carer and both were last seen in the **Carrollton area of Dallas, TX**. Our organization and the disabled person needing Diamond's assistance are desperate for any information about the whereabouts of Diamond or the man who was walking him.

### **Dallas, Texas - January 16th, 2022**

Diamond is a **1 yo, black, male, F1B Labradoodle** who can look like a poodle if clipped, trained to become a **Service Dog** for someone with a disability. The man also missing, entrusted with walking Diamond, is Jose Majona, **5ft 7in tall, Latinx, about 45-50 yo, with brown hair and brown eyes**. Both were last seen on the **morning of January 16th** in the **Fyke Road, Carrollton** area of **North Dallas, TX**, and there has been no sign of them since.

When service dogs go missing, which **doesn't happen often**, it's typically not **without a trace** as it is here; there's no clue about what happened yet. This is not a case of a gate being left open accidentally, a dog running away, or a dog who was clearly stolen, there is no obvious explanation for Diamond and Jose's continued absence.

Monetarily, raising and training Diamond has cost **over \$20,000.00** but the invested care, effort, love, and support **cannot be quantified** as a dollar amount.

Besides the people within Your Service Dog Inc involved in training and raising Diamond, there is a person with a disability out there who has already bonded with Diamond and is in serious need of a Service Dog to mitigate the symptoms of their disability; without Diamond's aid they continue to suffer greatly each day.

Not knowing where Diamond is, if he's safe or in need, is devastating to a whole network of individuals, including our creator and leader Lelah Sullivan, involved in Diamond's journey to becoming a Full Potential Service Dog.

To learn more about Diamond visit <https://yourservicedog.org/>. To learn more about Your Service Dog Inc visit <https://yourservicedog.org/about-us/> or our [Programs](#) page. To get involved with YSDI or offer information about Diamond visit <https://yourservicedog.org/contact/>.

**Quotes** - One beneficiary of Your Service Dog Inc's work states how Lelah Sullivan's books and YSDI provided them with "an incredible Service Dg as well as a support system I can always count on." About her experience with her Service Dog Skylos, another client says YSDI "has shaped Sylos and I into a much better Service Team".

**About the Organization** - Your Service Dog Inc is devoted to providing Full Potential Service Dogs and training to people with disabilities who otherwise couldn't afford or access their own service dog. The Alaska-based 501(c)(3) nonprofit was built from Lelah Sullivan's belief that a service dog is as vital and necessary an aid as a cane or wheelchair, and should never be delayed or prohibited by cost, lengthy waiting lists, or distance.

**Notes to Editor** - Diamond is a black Labradoodle, but when clipped could look like a poodle. Majona was last seen wearing black sweatpants, white tee, blue hoodie, and a light blue baseball cap with white lettering. They went for a walk on the morning of Sunday, January 16, 2022 from Fyke Road, Carrollton in the North Dallas area of Texas, and never returned
